Description of the Project

On **January 2, 2025**, the LEA received the Registration Permit application package from Smart Demolition and Excavation, Inc. (Facility) proposing to expand storage, handling, transfer, and processing of CDI material in the outdoor open area and incorporate one (1) piece of shredding machinery equipment to the existing facility as a “Medium Volume Construction and Demolition/Inert (CDI) Debris Processing Facility”

As defined by Title 14 CCR § 17381, “Medium Volume Construction and Demolition/Inert (CDI) Debris Processing Facility” means a site that receives at least 25 tons per operating day and less than 175 tons per operating day of any combination of C&D debris and Type A inert debris for the purposes of storage, handling, transfer, or processing.

Smart Demolition and Excavation, Inc. is approximately 10,600 square feet of office space, equipment storage, and open area. Smart Demolition and Excavation, Inc. is open to receive CDI material Monday through Saturday, 7:30am to 4:30pm.

LEA’s Determination

The LEA determined that the Registration Permit application package is complete and correct and meets the filing requirements pursuant to Title 14 CCR § 18104.1. The Registration Permit application package is accepted for filing on **January 6, 2025**. The permit will be issued five (5) days from finding the application complete and correct on or around **January 10, 2025 (5 days from accepted for filing date)**.

Once the permit is issued for the Medium Volume Construction and Demolition/Inert (CDI) Debris Processing Facility, Smart Demolition and Excavation, Inc. will be approved to accept up to 87.2 tons of construction and demolition debris per operating day.
